

Weddings at The Society Room of Hartford

Welcome to a truly classic and elegant setting for your wedding. The Society Room promises to provide a dramatic and unforgettable backdrop for your reception. In the glorious Society Ballroom, you have a room of grand marble columns soaring to an exquisitely muraled ceiling, some thirty five feet above the dance floor.

The sweeping staircase flows down from the 3,000 square floor Mezzanine, providing a dramatic focal point for grand entrances and photographic opportunities. Marble, limestone, brass and bronze accents adorn the opulent Ballroom in a setting right out of the Great Gatsby. Immediately adjacent to the Ballroom are three additional lounge or function spaces, each with their own special historic character, each with their own seating and full-service bar.

Needless to say, all of this grandeur is complemented by our own incomparable chef and catering staff, ready to custom-tailor a food and beverage presentation which will fulfill the promise of a truly magical event for you and your guests. The most special thing of all: you have The Society Room to yourself. We always only have one wedding at a time so your day is very private, very elegant and it's all about you.
